

Going Live!

New web pages dedicated to keeping people up-to-date with the pioneering Melton Mowbray and Vale of Belvoir school reorganisation are now live.

By visiting: www.leics.gov.uk/meltonvob you can read about the latest developments in the exciting £45m programme.

The new web pages, featured on the County Council's website, include dedicated 'Consultation' and 'Key Milestone' sections.

By logging on you can also access the latest news about the reorganisation as well as information answering some of your questions.

Ivan Ould, the County Council's Cabinet Lead Member for Children's and Young People's Services, said: "It is important that people are kept informed of what is happening as part of the reorganisation.

"The web pages will give people the opportunity to log-on and find out the latest news whenever they like."
